

MEETING REPORT

Team Name: EgeaSoft

Date of Meeting: 03/04/2018

Start Time: 10:30 **End Time:** 12:30 **Meeting Location:** Students Club Office

Moderator: Gerd Alliu **Recorder:** Arbli Troshani

Other Members Present: Enxhi Ferhati
Egi Gjevori

Members Absent: -

Topics Discussed:

- Discussed about the main components of the user experience and design in the app.
- Sketches for the core functionalities.
- About some possible libraries, tools and technologies we could incorporate in the app.
- About the limitations and difficulties faced with using php together with Firebase.
- About possible alternatives to php to use in web backend.
- Project's logo and color palette.

Decisions Made:

- We decided which sketches we are going to use in the implementation.
- Based on the sketches, we decided to make some small changes to the initial draft requirements.
- We decided to implement some of the sketches in small test apps.

Tasks Assigned:

- Enxhi: Learn about Materializecss, a frontend framework for the web
- Gerd: Check Node.js as an alternative for the web part
- Egi: Further details in Use Case diagrams and more detailed sketches.
- Arbli: Start testing initial implementations of Firebase in Android

Time, Place, and Agenda for Next Meeting:

- Monday, April 9, 17:00
- Agenda: Finish first draft of use cases and first draft of Firestore Database structure
